

CONSERVATION WALKS

This land is being managed to recreate a typical chalk grassland habitat containing a mixture of grasses and wildflowers. The land under the Countryside Stewardship Scheme will form an important link to Park Gate nature reserve, which lies opposite this site.

The area highlighted on the map is available for open access for quiet enjoyment. Please keep dogs under control, as there may be livestock present throughout the year.

This access has been provided under the Department for Environment, Food & Rural Affairs' farm conservation schemes, which help farmers and land managers protect and improve the countryside, its wildlife and history. It is permissive access and no new rights of way are being created. Existing rights of way are not affected. Please follow the Country Code and observe any other requirements shown above. Do not disturb wildlife, livestock or other visitors and in particular keep dogs under control. This is working farmland so please take care; people using this site do so at their own risk. Access ends in September 2013.

For access related queries please call the Access Management Unit on 01902 693218 (Office Hours).
For all other Defra related queries please contact the Defra Helpline on 08459 335577 (Office Hours).
